

## Bible People – Old Testament

Ways to prepare a set of "Bible People" cards:

- 1 – Write a set of clues on one side of a file card and the name of the person on the other side. Include the Bible reference where the person is first named as one of the clues. Suggestion: laminate the cards.

- 2 – Download the ready-to-print pages below. Use 24 lb. or 28 lb., 8-1/2 x 11, paper and *print on both sides, starting with page 2* (flip pages on short edge). Cut out the cards. This makes two sets of "Bible People" cards. Suggestion: laminate the cards.

The cards can be used several ways:

- 1 – A single student can use a stack of cards to sharpen his or her knowledge of who's who in the Bible.
- 2 – Play a "Bible People" game. Shuffle the cards and stack them clue side up. Players take turns drawing the top card and reading the clues. The others take turns trying to guess the identity of the person. Players collect the cards they correctly identify. If no one identifies the person, show everyone the answer on the back of the card and return it to the bottom of the pile. The player who collects the most cards wins.
- 3 – Use both sets of cards. Place the clues from one set face up on a table. Place the name sides of the other set face up. Mix and match. Make this a group activity by having students help each other match the clues with the people. With information on both sides of the cards, the activity is self-correcting.
- 4 – Randomly spread the cards name side up on a table. Students work alone or in small groups to arrange the people in biblical order. With first-time references as one of the clues, the activity is self-correcting.
